

NCR COUNTERPOINT INVENTORY MANAGEMENT

Inventory Management for NCR Counterpoint

NCR Counterpoint's integrated inventory management and tracking system allows you to efficiently manage your merchandise

The behind the scenes activities ensure that the front of house runs smoothly. Our inventory management system includes detailed merchandise records, flexible pricing options and in depth reporting to improve the flow of your business.

Record detailed merchandise information

Our system lets you group items by category and subcategory as well as assign multiple vendors, units, and barcodes to each item. 20 custom fields let you track the information that's important to you.

Custom pricing structure

Managing and pricing your inventory correctly saves you time and makes your business profitable. Assign up to 6 prices for each item. Price by store or by color/size with location-specific and SKU-specific pricing.

Customized reports and item analysis provide accurate, informative information that make you a stronger buyer. Smart inventory decisions and reports can save you money by improving your bottom line.

Shelf analysis

Maximize your gross margin ROI and make informative pricing, merchandising and purchasing decisions with more than 40 inventory reports.

Customer success: Parson's Gift Store

Parson's Gift Stores, a high-end gift and collectibles chain based in the Atlanta, Georgia area, uses NCR Counterpoint for their entire store operations. "NCR Counterpoint is the lifeblood of our retail business," says owner Gary Willis. He explains that he uses NCR Counterpoint tools to optimize every aspect of the chain's operations, from receiving and ticketing inventory, to marketing and selling merchandise, to making critical purchasing and operational decisions.

Since the chain offers more than 56,000 items from nearly 500 vendors, having instant access to real-time data is absolutely critical. "I can get a complete picture of the entire company, with NCR Counterpoint tools," states Mr. Willis.

Key features

- Group, sell and track related items with kit functionality
- Define a stocking unit and up to five alternate units
- Assign and track serial numbers
- Utilize unlimited number of barcodes for each item
- Define apparel and similar items in a grid with three dimensions
- Search and review item information from anywhere in the system
- Check prices and quantities across locations
- Assign different prices to each of your stores
- Add new items with multiple units, SKUs and barcodes on the go
- Record item details with up to 20 user-defined fields
- Complete physical counts

Customer success: Sam's Italian Deli

Sam's Italian Deli, located in Fresno, California, brings the wines and foods of Southern Italy to the Central Valley of California. Nick Marziliano, the owner, singles out NCR Counterpoint's ability to strengthen inventory control as especially critical to his business.

Sam's Italian Deli stocks more than 4,000 items, and managers track purchasing and sales closely. "We receive automatic alerts if products have increased or decreased since the last order. That allows us to increase our prices automatically to protect our margins," says Mr. Marziliano.

NCR continually improves products as new technologies and components become available. NCR, therefore, reserves the right to change specifications without prior notice.

All features, functions and operations described herein may not be marketed by NCR in all parts of the world. Consult your NCR representative or NCR office for the latest information.
